DIRECTS ARMY FROM THE REAR.

TACTICS OF THE CHIEF OF THE SUFFRAGETTES.

While They are Smashing Front Windows in London Shops and Government Offices She Tries All Remedies to Reduce Her Weight. Arrested Many Times.

IBY DIRECT WIRE TO THE TIMES.]

LONDON, March 21.—(Exclusive Dispatch.) While the English authorities are prosecuting the supposed leaders of the militant suffragettes here, the woman who is responsible for all the raids of the past few days is seemingly ignored. "General" Mrs. Drummond is the organizing "brains" of the "Votes for Women" army and the carrying out of suffragette activities has been left entirely to her. She instructs every woman who is taking part minutely as to her share of the work. It is for this reason that in the recent window-breaking campaign they have been carrying on in London, the "general" has taken no part, and is, therefore, free to direct further efforts.

IN THE PAST, HOWEVER, SHE HAS BEEN ARRESTED MANY TIMES AND HAS SEVERAL SENTENCES IN PRISON. IN 1906 SHE FORCED HER WAY INTO THE HOUSE OF COMMONS, A FEAT WHICH WAS REWARDED BY AN UNGALLANT MAGISTRATE GIVING HER FOURTEEN DAYS IN HOLLOWAY JAIL. IN SEPTEMBER, 1908, ON THE RELEASE OF A FELLOW SUFFRAGETTE FROM THE SAME PRISON, WHEN A GREAT TRIUMPHAL DEMONSTRATION WAS MADE, SHE MANAGED TO FORCE HER WAY INTO THE PRISON YARD, AND, ATTACHED IN ROYAL STUART TARTAN AND A GLENARY BONNET, SURMOUNTED BY A BUNCH OF WAVY COCK FEATHERS, SHE DANCED A HIGHLAND FLIGHT TO THE HUGE DELIGHT OF THE POLICEMEN AND WARDERS WHO WATCHED HER.

HER HUSBAND ALSO IS A STRONG SUPPORTER, AND, STRANGE TO SAY, IT WAS HE WHO CONVERTED HER TO HIS WAY OF THINKING AND NOT VICE VERSA, AS IS GENERALLY THE CASE.

THE ONLY TRY IN THE AMBER IS HER FIGURE, AS SHE WILL NOT SHED ONE SHEDDING OF ENOUGH OF HER MORTAL COIL TO ENABLE HER TO LOOK AS SMART AS SHE WOULD LIKE WHEN SHE BESTRIDES HER HORSE IN THE WOMAN'S PROCESSIONS. SHE TRIED HOT WATER, SHE TRIED COLD, SHE TRIED TURKISH BATH, SHE LIVED ON NUTS, SHE BASTED, SHE EVEN STARVED, BUT NOT ONE INCH LESS COULD SHE MAKE THE GIRTH OF HER HABIT, SO NOW SHE HAS GIVEN IT UP IN DESPAIR.

Constable of Tracy Gets Reinforcements to Watch the Place While the Losers Are in the Burg.

STOCKTON, March 21.—(Exclusive Dispatch.) The Sheriff's office was notified tonight that about fifty Industrial Workers of the World climbed into a Southern Pacific freight car at Livermore and, despite the efforts of the crew until they reached the town, they were fed by Constable Gleske. They were fed by reinforcements from the Sheriff's office here, saying that the men intended to stay there all night and that the citizens wanted better police protection than the town police could give. Several deputies from Stockton were sent to the town. No disturbance of any kind has been reported.

TRAILS THAT ONCE CROSSED ARE NOW PARALLEL LINES.

IBY DIRECT WIRE TO THE TIMES.]

GRAND JUNCTION (Colo.), March 21.—(Exclusive Dispatch.) John Otto, a trail builder, announced today in a public letter to the newspapers the end of his romantic marriage with Beatrice Farnham, the California artist, last June on the top of a high peak in Monument Canyon. Otto's wife left for Boston a month after they returned from the honeymoon, ostensibly for a visit. Today Otto announced that his wife would not return. He says she is an independent girl and professes her independence, and he has no objections. He says they will probably get a legal divorce in the local courts on the ground of desertion.

"Beatrice Farnham," said Otto today, "is a California girl. Our trails have crossed. Then for a while we traveled together until now we come to the place where our trail is divided again, she desiring to travel separately, leaving me to travel mine alone. I mean the life trail; that's all there is to it."

Otto's divorce ceremony, he says, will be somewhat in the nature of a funeral.

"Every burro in the outfit and the little dog and the two horses some day will have a black ribbon tied around their necks, to remain there four days. Then the ribbons will be taken off and thrown into a camp fire that the wind may scatter the ashes and other ribbons will be placed some day, the color of the Indian pinks and the wild rose."

Starring Protest.

CALIFORNIA SUGAR MEN FIGHT REMOVAL OF DUTY.

IBY DIRECT WIRE TO THE TIMES.]

SAN FRANCISCO, March 21.—(Exclusive Dispatch.) From the Sacramento Valley on the north throughout the San Joaquin Valley in the southern counties of Ventura, San Bernardino and Santa Barbara, San Bernardino and Santa Barbara, a campaign to be characterized by great vigor is shaping up in opposition to placing imported sugar on the free list. There are large beet sugar factories in the counties of Monterey, Santa Cruz, Ventura, San Bernardino, Alameda, Santa Barbara, Orange, Glenn, Tulare and Kings. Each of these is the center of regions that have been made prosperous and more populous solely because the raising of beets and manufacturing of beet sugar in this State has been a success.

Free sugar, by which is meant foreign sugar duty free, would wipe out the beet sugar industry of all the States in the Union where it is now a source of wealth, and such a disaster would prevent the United States from becoming ultimately an exporter of sugar instead of being a very large importer, and would throw the sugar trade of the United States into the hands of the eastern refiners of foreign cane sugar.

This is such a serious proposition for California, which is the pioneer beet sugar raising State in this country that simultaneously, in various parts of the State, meetings of citizens have been arranged for the purpose of protesting against the destruction of a very great California industry. One of the earliest of these meetings will be held in Sacramento. There will be mass meetings in Spreckels, Watsonville, Oxnard, Chino, Alvarado, Bettlebarra, Los Alamitos, Santa Ana, Hamilton, Visalia and Corcoran.

DEMOCRATS TO DODGE TROUBLE.

Twenty Per Cent. Wool Bill Will Come Out Today.

Same as Measure the House Passed Last Summer.

House Majority Will Arraign Tariff Board as Failure.

[BY A. P. NIGHT WIRE TO THE TIMES.] WASHINGTON, March 21.—The Democratic wool tariff revision bill, levying a 20 per cent. ad valorem duty on raw wool, introduced today by Democratic leader Underwood, will be reported tomorrow to await a caucus and thereby dodge trouble with the advocates of free wool. The measure is identical with that passed by the House last summer. Regular Republicans contend that the President would find excuse for vetoing the Democratic bill on the ground that it does not adequately protect the revenues. The reintroduction of the bill vetoed by President Taft with the elimination of the Senate amendments is the basis for an arraignment of the tariff board. In the report on the bill, which is being written by Mr. Underwood, an effort will be made to show that the board is a failure and that its report on wool is useless. The committee first considered a bill that would correspond to the conference report, but finally decided unanimously to introduce their own bill, which puts a duty of 20 per cent. on raw wool. Chairman Underwood dropped the bill in the basket as he entered the House today. The decision followed an examination of the tariff board's statistics as analyzed by Chairman Underwood and compared with the data in possession of the committee. Free wool champions were convinced that a free wool bill could not be proposed sincerely because there was no means to raise the \$21,000,000 revenue that would be lost by its passage. It was even decided there should be no arduous caucuses on the bill, which would obviate a fight by the free wool adherents, though when the bill comes up on the floor they may make a stand. The action of the Democratic lead-

ers is in the face of the report of the tariff board, which came to the House last December. President Taft, his veto last summer, urged that there had then been no report from the tariff board on the subject. "It was determined to introduce the bill just as we introduced it last summer, carrying a 20 per cent. ad valorem duty on raw wool, a reduction of about 50 per cent. from the duties of the Payne-Aldrich law," said Chairman Underwood. The bill differs from the bill vetoed by the President principally in the duty assessed on raw wool. The House bill carried 20 per cent., but after the conference the House leaders yielded and the bill finally passed carrying a 20 per cent. duty on raw wool. Other schedules of the bill introduced are: "Combos" wool 25 per cent.; yarns, wholly or in part of wool, 30 per cent.; cloths, knit fabrics, felts not woven, and manufactures of wool, 40 per cent.; blankets and flannels valued above 50 cents a pound, 45 per cent.; women's and children's dress goods, 45 per cent.; ready-made clothing, 45 per cent.; workings, handings, beltings, braids, etc., 35 per cent.; carpets, 40, 35 and 30 per cent., according to grade. Minority members of the Ways and Means Committee are planning to introduce a wool bill to conform to the report of the tariff board.

GORE IN HOT WATER.

Both the Clark and the Harmon Managers Are After Him Today and Night For His Des Moines Resolution. [BY A. P. NIGHT WIRE TO THE TIMES.] WASHINGTON, March 21.—The resolution given out by Senator Gore in Des Moines yesterday claiming to voice the demand of the Democrats in Nebraska that Speaker Clark withdraw in favor of Woodrow Wilson in that State, so that Gov. Judson Harmon might be prevented from capturing the Nebraska delegation to the national convention, provoked criticism and attack from the national managers of both the Clark and Harmon headquarters here today. "According to this resolution," said former Representative Robert B. Gordon, manager of the Harmon headquarters, "the Wilson men in Nebraska denounce a conspiracy in which Clark is alleged to be a party and then seek to form a conspiracy against Harmon with Clark as a welcome participant." Managers of the Clark headquarters here declared that the resolution given out by Senator Gore yesterday and compared with the data in possession of the committee. Free wool champions were convinced that a free wool bill could not be proposed sincerely because there was no means to raise the \$21,000,000 revenue that would be lost by its passage. It was even decided there should be no arduous caucuses on the bill, which would obviate a fight by the free wool adherents, though when the bill comes up on the floor they may make a stand. CRITICISMS COURT CLERKS.

WANTS TO "REACH" THEM. [BY A. P. NIGHT WIRE TO THE TIMES.] WASHINGTON, March 21.—Chairman Clayton of the Judiciary Committee, declared on the floor of the House today that more than twenty federal court clerks in the United States were embezzlers of court funds and still retained their places because the existing law was so framed that they could not be reached. Mr. Clayton urged an amendment of the law to permit the President of the United States to remove such offending clerks.

GALLINGER ON THE ALERT. [BY A. P. NIGHT WIRE TO THE TIMES.] WASHINGTON, March 21.—"I doubt the wisdom of educating at West Point men who may become troublemakers to us in time of war," said Senator Gallinger of New Hampshire, today during a discussion of a resolution to admit a Cuban to the military academy. Two Chinese recently were permitted to enter. "I am not sure that it is good policy to educate representatives of the United States who may number 400,000,000 or 500,000,000." He did not press his objection, however, and the resolution was agreed to.

DROP BOMBS FROM AIR.

Italians Make Remarkable Attack on Turkish Forces With Aid of Dirigible Balloons. [BY A. P. DAY WIRE TO THE TIMES.] LONDON, March 21.—Details of the attack by Italian dirigible balloons yesterday on the Turkish camp at Suani-ben-Aden are given in a special dispatch today from a correspondent with the Turkish forces. The two Italian dirigibles carried two reconnaissance planes over the Turkish lines, dropping bombs. They stopped almost still over Zanzur, about fourteen miles west of Tripoli, and dropped a bomb into the street. Four persons were killed and two wounded, all non-combatants. A sustained fire from the Turkish infantry compelled them to disperse. In their second visit the balloons succeeded in dropping thirty bombs, according to the correspondent. They did not give any particulars as to the casualties.

[BY DIRECT WIRE] CHICAGO, March 21.—[Exclusive Dispatch.] Blizzards No. 5 which struck Chicago and vicinity yesterday blew itself out early this morning and sought new fields. The storm is now moving eastward and today it made itself felt in the Ohio valley. Tonight reports from western Pennsylvania say a storm is raging there and the mercury is dropping. In Chicago the street cleaning department is entirely overwhelmed as a result of yesterday's blizzard. Six inches of snow fell. In the downtown district hundreds of men were employed in an effort to clear off the streets and it will be several days before the great heaps of snow can be hauled away. The weather was slightly warmer in Chicago today while in the Dakotas, western Nebraska and the Dakotas, temperatures still prevailed. At Battleford, Minn., the thermometer registered 16 degrees below zero this afternoon. The blizzard temporarily has cleared up in various States. NOTED LETTERS ARE ADMITTED.

Inside Data on Sugar Trust Introduced at Trial.

They Relate Process of Acquiring Rival Plants.

Segal's Attorney Tells How His Client Succumbed.

(BY A. P. NIGHT WIRE TO THE TIMES.) NEW YORK, March 21.—The famous "Cousin David" letters that passed between Washington E. Thomas, head of the "sugar trust," and his cousin, David S. Stetson, containing confidential information gained by Stetson from Adolph Segal about the Pennsylvania Sugar Refining Company, became part of the record today in the trial of Thomas, John E. Parsons and other officials of the American Sugar Refining Company for alleged criminal violation of the Sherman law.

The first letter read was from "Dear Wash" to "Cousin David," in which Stetson was requested by Thomas to get all the information he could about Segal.

"Cousin David" replied that he could get it, but must do it in such a way that Segal would not suspect him of trying to find out anything.

In another letter Stetson wrote: "The time may not be far distant when if the American Sugar Refining Company desires, it can acquire possession of a majority of the Pennsylvania Sugar Refining Company. When such may be the American company's desire, if you will give me the opportunity to work the deal for your company, I can make a commission from the present owners of the plant."

Samuel Untermyer, who was engaged by Segal as his attorney, when the latter became convinced it was the American Sugar Refining Company which had loaned him the \$125,000, told of his correspondence with John E. Parsons, counsel for the "trust," in regard to the loan agreement which provided that the refinery be closed until the loan was paid.

The witness said he explained to Parsons that his client was unable to pay the loan, but could pay the interest, and get the money necessary to start the refinery on a "one thousand-barrel a day plan."

Unless the refinery were allowed to run, the witness said he explained, Segal never could pay the loan. All such offers, Untermyer said, were rejected after the latter had laid the situation before the late H. O. Havemeyer, head of the "trust."

Havemeyer, he asserted, refused to listen to any suggestions of compromise, and said the refinery could not open until the loan was paid in full. The receivership and the two million dollar compromise of the suit for damages, followed, the witness said.

TO MAKE THE THING LEGAL.

Probation Officer Resigns, an Election Is Appointed and He Then Appoints the Man Deputy.

(BY DIRECT WIRE TO THE TIMES.) SAN JOSE (Cal.) March 21.—[Exclusive Dispatch.] In order to make the Santa Clara county probation officer a legally appointed official in conformity with a recent decision of the Appellate Court, J. L. Montgomery, brought here from Topeka, Kan., three months ago to make probation officer, resigned this morning and Col. Philo Hersey, one of the best-known fruit men in California, was elected to the position. Hersey then named Montgomery as his deputy and the salary will go to Montgomery. Under the law as interpreted, the probation officer must be an elector. Montgomery could not qualify.

Hersey resigned as a member of the juvenile court auxiliary to take the appointment, and Mrs. W. P. Daugherty, was appointed to fill the vacancy.

MAY PULL OFF THE "FLYERS."

Too Many Accidents on Account of Broken Rails to Suit the Officials of Railroads.

(BY DIRECT WIRE TO THE TIMES.) CHICAGO, March 21.—[Exclusive Dispatch.] Fast passenger trains of the "Canon Ball" and the "Flyer" variety, now operated at high speed to accommodate travelers, who are in a hurry, may be eliminated as a result of a plan under consideration of the presidents of a number of railroads, who are aroused over reports relative to the high percentage of broken rails.

Numerous wrecks have occurred on account of the breaking of rails, and rail manufacturers are being taken to task for producing an inferior product.

The railroad officials say that unless an improvement is made it would be the part of wisdom to eliminate record-breaking passenger trains rather than risk further wrecks.

LOOKS FOR VENGEANCE.

Mrs. Grace Says Husband Will Tell Who Shot Him and He Resents That She Did It Herself.

(BY A. P. NIGHT WIRE TO THE TIMES.) PHILADELPHIA, March 21.—Mrs. Daisy Grace, accused of shooting her husband in Atlanta, Ga., arrived here today from the South to look after private business affairs and to visit her mother, who is ill at her home in West Philadelphia.

"I did not shoot my husband, and I am anxious and ready to face trial," said Mrs. Grace. "It is false that I have left Atlanta. It is not true."

WHAT HE SAYS.

(BY A. P. NIGHT WIRE TO THE TIMES.) ATLANTA (Ga.) March 21.—When shown a statement accredited to his wife in Philadelphia, "that my husband knows who shot him," Eugene H. Grace said:

"Yes, I know who shot me; it was my wife."

Grace's condition apparently was unchanged today.

FRANKLIN'S HOME SOLD.

Philadelphia Shelter of the Signer Goes for a Song.

BY DIRECT WIRE TO THE TIMES.

PHILADELPHIA, March 21.—[Exclusive Dispatch.] The ancient three-story-and-a-half brick dwelling at No. 111 Spring street, which was sold today at public sale for \$900 was at one time the home of Benjamin Franklin. He boarded here for several years after arriving in Philadelphia and tradition has it that he occupied the one room in the attic. The house is said to have been one of the first brick dwellings built in Philadelphia, and was erected many years before Franklin lived in it. It is still in a good state of preservation.

NAMES TAFT DELEGATES.

Chairman Hammond Announces Individuals to Be Voted for at Primaries to Be Held in May.

(BY A. P. NIGHT WIRE TO THE TIMES.) SAN FRANCISCO, March 21.—Col. Charles M. Hammond, chairman of the Taft Republicans of California, announced today the selection by that organization of the following delegates to be voted for in the primary of May 14:

FISH DIE MYSTERIOUSLY.

Authorities Absolve Chemical Company of Charge, and Are Now Trying to Fix Responsibility.

(BY DIRECT WIRE TO THE TIMES.) STOCKTON, March 21.—[Exclusive Dispatch.] The Penn Chemical Company of Campo Seco has been vindicated of the charge of polluting the waters of the Mokelumne River. Following a report that the fish in the river were being poisoned, Assemblyman Stuckenbruck, Fish and Game Commissioner Neal of Sacramento, Walter Shelby of the Sisson hatchery, and Deputy Fish Warden Squire of Lodi, investigated the matter and found that the smelting company had not polluted the water in the least. The fact remains, however, that the fish are fast dying from some mysterious poison, the nature of which it will require a chemical analysis of the water to reveal. A peculiar substance found floating in the water will be taken to a laboratory for examination.

SOMETHING REALLY NEW.

For the First Time in the Memory of Modern Man Cook Inlet Has Been Open All Through the Winter.

(BY A. P. NIGHT WIRE TO THE TIMES.) SEATTLE (Wash.) March 21.—The steamship Bertha sailed tonight for Cook Inlet. This is an unprecedentedly early sailing. For the first time in the memory of man Cook Inlet has been open throughout the winter. Owners of mines and canneries are able to ship machinery and supplies several weeks earlier than anticipated, and the mining season will be lengthened by as many weeks. The warm weather in the North continues.

AFFINITY CAUSES SUIT.

Stockton Husband Wants Divorce After Four Months of Married Life, Charging Wife With Cruelty.

(BY DIRECT WIRE TO THE TIMES.) STOCKTON, March 21.—[Exclusive Dispatch.] After four months of love in a cottage, L. R. Miller of this city has begun divorce proceedings in which he charges his wife with having an affinity in the person of William Doughty. The couple were married in the early part of last November and after a brief honeymoon moved into a cottage in the southern part of the city, where they were blissful for about three months. According to the allegations in the husband's complaint his suspicions were first aroused by the frequent visits of Doughty, who, he affirms, was open in his attentions to Mrs. Miller. He declares that his wife refused to listen to him when he protested and for this reason wants a decree on the grounds of cruelty.

CHANGES HIS PLANS.

CHIHUAHUA (Mex.) March 21.—Gen. Antonio Rojas, according to a dispatch, will not be sent against Ojinaga, but will be ordered to join Gen. Salazar's column, now proceeding slowly in the direction of the main Federal force at Torreon.

As an aftermath of the recent occupation of the city of Parral by the rebels, Rosario and Santa Barbara, small towns near by, were occupied today by irregulars. A few shots were exchanged at Rosario without casualties. The Minero Bank of this city, of which Juan Creel, a brother of Enrique Creel, is manager, will accept most of the 1,200,000 pesos bonds to be issued by the new revolutionary administration of the State of Chihuahua. The portions to be accepted by the various banks were decided upon today.

It has been determined to issue also 100,000 pesos in internal revenue stamps.

"TAFT SCORNS DEMAGOGUES."

A Quotation from a Letter by Col. Roosevelt.

President Therefore Ignores Gotham Speech.

May Make no More Trips Before Convention.

(BY DIRECT WIRE TO THE TIMES.) WASHINGTON, March 21.—[Exclusive Dispatch.] No comment was made at the White House today regarding the arraignment of President Taft and his policies by Theodore Roosevelt in New York last night. The President is stated, has no intention of replying to the Roosevelt speech. No engagement for further political addresses between now and the time of holding the national convention have been booked and the President is understood to have told friends that he sees no necessity for making any more speeches defining his position than he already has delivered.

Although the President has urged the directors of his campaign not to indulge in personalities nor rake up ancient history against Col. Roosevelt, the campaign has assumed unexpected features that have led to a lifting of the truce. In statements issued tonight it is sought to show a reaction against Roosevelt has set in and that he no longer is the hero he once was. Also the following letter, written to Conrad Kohrs of Helena, Mont., by President Roosevelt on September 9, 1909, was dug up and given publicity.

"The honest man of means, the honest and law-abiding business man, can feel safe in his (Taft's) hands, because of the very fact that the dishonest man of great wealth would not do so much as dare to defend his evil doing in Mr. Taft's presence."

"The honest wage worker, the honest laboring man, the honest farmer, the honest mechanic or small trader, or man of small means, can feel that for the sake of his representative, Mr. Taft, will be very fact that he has the same scorn for a demagogue that he has for the corruptionist and that he would front him as he would front a criminal."

LARGE BEDS OF POTASH REVEALED IN CALIFORNIA.

Government Experts Report Millions of Tons of Salt in Seales Lake, San Bernardino County—Material Is Found in Commercial Form—Geological Survey and Bureau of Soils Conduct the Exploration.

(BY A. P. NIGHT WIRE TO THE TIMES.)

WASHINGTON, March 21.—Enough potash to supply the United States probably for the next thirty years has been discovered by government scientists in Seales Lake, San Bernardino county, Cal. Estimates of field men of the Geological Survey and the Bureau of Soils is that the deposits may amount to 4,000,000 tons, but the authorities here, from data in their possession, consider that estimate conservative, and believe that more than 10,000,000 tons of potash is available there.

The great value of the find is that the product is in readily available commercial form. Potash is known to exist in many places in the United States, but in most of the cases no commercial means have been found to use it.

Roy S. Cole, representing the Geological Survey, and E. E. Free of the Bureau of Soils, recently took samples from six wells distributed over the salt flat, analysis of which at the Mackay school of mines, Reno, Nev., revealed its value.

The dried-up lake has received the drainage from the surrounding hills for thousands of years, vast quantities of dissolved minerals thus having concentrated in it.

Similar dried-up lakes containing valuable deposits, it is believed by officials here, exist in the arid regions and probably will be discovered.

Borax Smith formerly sent his twenty-mile team out of this lake eighty miles over the desert, to the railroad with borax, and now since he found more satisfactory borax mines, the government discovers that the water sometimes visible but always to be found under the salty crust, contains much potash in solution. Wells were sunk and pretty complete reconnaissances were made. The search will be carried further and methods of separating potash from brines are already under investigation.

The government experts who found it declare there are indications of millions of tons of potash.

Director Smith of the Geological Survey, and Chief Whitney of the Bureau of Soils, today received word of the discovery and immediately wired for details.

The government's bureau for some time has sought throughout the country for potash, feeling certain a supply would be found. At present the United States and other nations are almost entirely dependent on Germany for potash. Disagreement with the German "potash trust" because of the subject of diplomatic exchanges, which occupied several years and at one time threatened serious complications.

Gets a Rise.

DR. WILEY HAS A TILT WITH MAKERS OF DRUGS.

Personal Violence Is Narrowly Averted When Former Government Chief Chemist Refers to Them as "Dopers"—Later He Withdraws Remark After Discussion—Claims Practices Promote Drug Habit.

(BY A. P. NIGHT WIRE TO THE TIMES.)

WASHINGTON, March 21.—Dr. Harvey W. Wiley, appearing as a private citizen before the representatives of the drug manufacturers argued that exception should be made in preparations containing small portions of opium, morphine, cocaine and the other drugs named. They held that there were so many of these preparations bated through small drug stores all over the country that it would require years and be a heavy expense for the manufacturers to have all marked with skull and crossbones as the regulations of the pure-food board require.

Dr. Wiley declared the manufacturers had been lenient to him and should pay whatever costs were necessary to protect the public from the drug habit.

"May I ask whom you represent?" said Mr. Hough of St. Louis, when Dr. Wiley appeared.

"I represent one private citizen," was the reply, "something new at these hearings, but which I hope will be frequent in the future."

As to the drug manufacturers' argument that small quantities of opium, morphine and cocaine are not harmful, it would take a million Hagie opium cones to convince me that the small amounts should be allowed. Nothing is better than small doses as a means of fostering the drug habit."

ROW ON WATER FRONT.

Three Filipinos in San Francisco Hospital in Consequence—Striker Fatally Wounded.

(BY A. P. NIGHT WIRE TO THE TIMES.) SAN FRANCISCO, March 21.—Three Filipinos are at the Receiving Hospital and a score of others sustained broken heads during a riot on the water front today, caused by labor dissension.

When the ship Star of Russia was about to sail, fifty Filipino laborers, who had signed to work in Alaska canneries, went on strike. An attempt was made to obtain other men to fill their places and the Filipinos began to fight, which was quelled only when three riot calls had been sent in. Several of the disturbers were arrested.

Imperial Enrico, a striking railroad shopman was shot and wounded, probably fatally, shortly after noon today, by Nicholas Franco, a boiler-maker, employed at the Southern Pacific Railroad shops here. Franco said he was returning from lunch, and that he fired in self-defense.

There is no better medicine made for colds than Chamberlain's Cough Remedy. It acts on nature's plan, relieves the lungs, opens the secretory system, and restores the system to a healthy condition. For sale by all dealers.—[Adv.]

SACRAMENTO, March 21.—[By A. P. Night Wire.] Gov. Hiram Johnson today spoke for the first time concerning the report that he is a probable candidate for Vice-President, declaring that there is no candidacy on his part for the office.

Up for Defeat Again.

LANSING (Mich.) March 21.—[By A. P. Night Wire.] The Michigan House today passed an immediately effective Presidential preference primary bill. The measure now is before the Senate, where it was defeated in the previous session.

MUST TAKE ITS COURSE.

Objection Raised in House to Consideration of Fruit Fly Item and Its Progress Is Delayed.

(BY DIRECT WIRE TO THE TIMES.) WASHINGTON (D. C.) March 21.—[Exclusive Dispatch.] For some reason the bill containing the item for the fight against the Mediterranean fruit fly was put on the unanimous consent calendar. It was before the House today and some one entered objection to the rest that it was not passed. It will now come up in regular order. The objection was not aimed at the item of so much interest to California, the fruit fly appropriation, but it deferred consideration on it just the same.

TIRED LOOKING WOMEN How to Avoid Appearing Old Before Your Time.

Some women always wear a worn, tired look. It is the outward sign of nervousness with its accompaniment of worry, headaches and sleeplessness. It is useless to tell some women to rest. Circumstances will not permit. But it is always possible to build up the strength to meet the strain.

Overwork seldom kills. Worry often does. If you would keep the worn look from your face strengthen your system with Dr. Williams' Pink Pills and do not worry. Dr. Williams' Pink Pills are a blessing to women. They preserve the beauty that health alone can give, the youthful brightness of eye, the color in cheeks and lips that comes alone from rich, red blood.

Mrs. John Utter, of Puyallup, Wash., says: "I suffered for eight years from all the pains and sickness that women of my age are subject to. I was able to work only part of the time and often could just drag around. Most people would have given up and gone to bed. I was so nervous that I could not get much sleep and was subject to head-

aches and dizzy spells. My system was out of order all of the time and I was troubled with gas forming in my stomach. I could not raise myself up when I lay down. I tried many remedies but found no relief until I received Dr. Williams' Pink Pills. They helped me to sleep. I could sleep better, was not nervous and became stronger. I took the pills for some time and was cured. Since then I have never had Dr. Williams' Pink Pills in my house. My husband had a severe attack of inflammatory rheumatism which he got from the pills. I have never had a return of the illness."

Get a box of Dr. Williams' Pink Pills from your druggist today. Do not delay. Begin the treatment now. The pills have accomplished in cases like yours what no other medicine can. If you cannot get Dr. Williams' Pink Pills readily sent by mail, send fifty cents for one box or two for a half dozen, by mail, postpaid.

The Bakery Behind the Biscuit

Many bakeries in New York, Chicago and other cities are being condemned by health officers as unclean and unsanitary.

How often do you inspect your bakery? Our two-million-dollar, sunlit bakery is your bakery when you eat

Shredded Wheat Biscuit

the cleanest, purest, best of all cereal foods. Over a hundred thousand persons visit "the home of Shredded Wheat" every year.

Government inspection is good, but public inspection is better. Every detail in the process of making Shredded Wheat is open to the public.

Nothing so wholesome and delicious for breakfast as Shredded Wheat Biscuit served with hot milk or stewed fruits.

Heat the Biscuit in oven to restore crispness, then pour hot milk over it, adding a little cream. Salt or sweeten to suit the taste.

SOCIETY

Julie Opp (Mrs. William Faversham.)

Who will be entertained at a luncheon at the Friday Morning Club, today, by a number of the club members.

YOUNG Edward Thomas Walsh, Jr. of Australia, who has been touring America for two years, and who has passed much time in this city and Riverside, is engaged to Miss Villa Marguerite Seaton, daughter of Mr. and Mrs. George H. Seaton of Riverside. Miss Seaton is a favorite in this city, where she lived during her school terms at Occidental College, whence she graduated. Later she finished in the East, where her time was devoted mostly to music.

Walsh was graduated from Stonyhurst College in England and St. Ignace College in Australia.

At first it was decided that the couple were to live in America until a handsome offer was made the groom-to-be by his father, who wished him to make Australia his home.

The wedding will be solemnized in May, and a visit of several weeks will be made in Honolulu, from which place they will sail for their home across the sea.

Among his other accomplishments Mr. Walsh is a noted athlete, having won honors at cricket in England.

Have Returned. Mr. and Mrs. Michael J. Connell have returned from their trip through the East. Mrs. Connell will join forces with those interested in the Barlow Sanatorium benefit.

Los Angeles Country Club. Mrs. C. B. Jones has a charming luncheon to some three dozen of her friends at the club on Tuesday, when the house was gay with yellow daffodils in the dining-room, and as there was a large party of lady golfers down for

could materialize, however, Martin Chase put his foot down, and Society was robbed of a good story.

Mrs. Chase will probably be one of the players in the Invitation Tournament at the San Gabriel Country Club on Saturday next.

A Riverside Visitor.

Miss Margaret Gaffey, popular in Los Angeles society, is visiting Mrs. Flowers of Riverside for a week or two. Miss Gaffey's reputation for beauty and chic apparel is well known, so that Riverside is presiding itself up on the fact that she has purchased a hat there which she declares to be more charming than anything obtainable in the Fashion Show.

Needless to say, Miss Gaffey is the recipient of many gay entertainments in her honor—and Riverside knows how to do that sort of thing so well.

A Country Club Event.

The Victoria Golf Club, Riverside, is to have an invitation event for the women golfers on the first Wednesday in April. All ladies whose clubs belong to the California Women Golfers' Association are eligible and it is likely that a large contingent will go from Los Angeles and Pasadena.

Supper Dance.

Members of the Phi Delta Phi Fraternity will give a smart supper dance Friday evening, April 12, at the Annandale Country Club. About 120 guests will be present.

Miss Simpson Honored.

Miss Dorothy Simpson and her betrothed, Rex Hardy, will be honored guests Saturday afternoon at a matinee party at the Mason. The bride-elect and groom-to-be, with Mr. and Mrs. Frederick Hastings Rindge, will be guests of Herbert Brown, and later tea will be served at Hotel Alexandria.

Has Come Home.

Mrs. Stella Mathews, who has been visiting her daughter, Mrs. D. E. Curry of Canada, Mrs. for several months, has returned to Los Angeles.

Wedding Announcement.

Mrs. E. Gertrude Lewis of Ocean Park announces the marriage of her daughter, Miss Tamsie Elizabeth, to Arnold Mayhew Sparks, which was solemnized Monday at the Church of the Angels, Rev. Dr. Thompson officiating. Miss Mabel Hunt was maid of honor and Harrison Kimble was best man. The young people left immediately for an extended trip.

Mrs. Dunn Entertains.

Mrs. E. P. Dunn, of Hotel Arlington, Santa Barbara, has entertained this winter with many charming parties. Among these was a delightful affair given at the Hotel this week, when her guests presented her with a beautiful silver service.

Just Returned.

Mrs. Oliver Morosco of Eiden avenue returned yesterday from a week's sojourn in San Francisco.

From Guam.

Mrs. Jay Hocking of Guam is visiting friends in this city where she will remain for a week.

Miss Lewis Here.

Miss Elsie Lewis, a charming young society girl from San Diego, is the house guest of Mr. and Mrs. George E. Pillsbury and their daughter, Miss Bertha, of Orange street. Last evening, among these was a delightful affair given at the Hotel this week, when her guests presented her with a beautiful silver service.

Miss Bean To Wed.

Miss Ione Bean, daughter of Mr. and Mrs. S. S. Bean of No. 2744 Kenwood street, will be married to Mr. J. K. Kisselburg. The service will be read at the home. Mr. Kisselburg is from Bisbee, Ariz.

In Pasadena.

Mr. and Mrs. Lafayette Isaman who have been spending the winter in this city have returned to Pasadena, where they will be in the foothills of Altadena.

Returned Last Week.

Miss Lella Burgess, daughter of Mr. and Mrs. W. C. Burgess, No. 2909 West Seventh street, returned last week from an extended visit to several east coast cities, including Chicago and Toledo. Miss Burgess is a charming pianist and vocalist and her friends in Kansas City organized a delightful party for her on her return. The entertainment took place at the Grand Opera house and was attended by many of the city's leading parties. She was accompanied by her father, who is planning a European tour, which is to take in all the famous golf courses, St. Andrews, Prestwick, Musselburgh, Westward Ho, etc., as well as many in France and Belgium. They will go in the company of F. J. Mackey, the polo player, who introduced the royal game into California many years ago, and they will probably leave America early in May. Mrs. Burgess was nearly the heroine of an automobile race story recently. Both she and Mrs. Monahan had become possessed of beautiful new machines and both ladies are intrepid and clever drivers. Some one wickedly suggested a wild race for \$1000. Mrs. Burgess professed herself game for the contest, and excitement ran high. Before the affair

Lakeside Gossip.

Mrs. John D. Young, Mrs. C. J. Feller and Miss Magdalene Feller of Lake Cross, Wis., are at Lakeside Inn. Mrs. Young and Mrs. Feller are enthusiastic golfers and have won many trophies in last week's tournament.

Mr. and Mrs. Drummond, child and maid of Los Angeles, are passing the month of March at the resort.

Mr. and Mrs. Chas. W. Corton of West Twenty-eighth street, Los Angeles, are enjoying the beautiful spring weather at Lakeside Inn.

Mr. and Mrs. D. H. Loria, Martha Morris, and Mrs. O. A. Zozias of Dayton, O., are at Lakeside Inn.

Recent Dinner.

Mr. and Mrs. L. W. Briggs, No. 1400 Kellam avenue, entertained at dinner Wednesday evening, the following Angelenos, who lately returned from around the world: Miss Bloomer, Judge E. C. Henry, Mr. and Mrs. C. J. Kerkhoff, Mr. and Mrs. J. D. Dawson and D. F. Robertson.

Marquis Komura's House.

[Yokohama Herald:] The late Marquis Komura was famous for his Bohemian habits. He had little thought for his personal comfort. Not till the conclusion of the Anglo-Japanese alliance did he possess a residence of his own. But when he was given a large sum of money by the Emperor after the consummation of the alliance, he had a new residence built at Haramachi. Never once during the building of the house nor for a long time after it was built did he visit his new property. He lived exclusively in the official residence, going to the Imperial Hotel for his meals.

One evening, however, he took a long walk in the course of which he fancied he would make a visit to his new residence. He walked about Haramachi in quest of his new house but could not find it until he inquired at a police box.

He Believed Her.

[Washington Star:] The laundress was describing in characteristically tearful tones her sorrow over a frequently recurring domestic upheaval. "I was that heartbroken," she said, "that I did your week's wash in my tears."

For once the usually sympathetic man's font of sympathy ran dry. He looked at his streaked shirt fronts and collar and said he coldly: "Mrs. Mullen, I am afraid you took it pretty coolly this time."

SHIPPERS SCORE IN ROUND ONE.

Lemon Rate Hearing Begun in This City.

Evidence Before Commerce Body Permissible.

A Galaxy of Talent Jousts Over This Point.

The lemon rate hearing which was begun yesterday before Judge Julian W. Mack of the United States Commerce Court will be protracted until some time next week by reason of the failure of attorneys for the railroad companies to secure admission of a stipulation limiting introduction of the recorded evidence taken before the Interstate Commerce Commission.

The entire session yesterday was spent in contention over the proposal of T. J. Norton, general attorney for the Santa Fe, regarding the introduction of this evidence, objection being made by United States District Attorney McCormick, representing the Attorney-General, P. H. Farrell, attorney for the Interstate Commerce Commission, and A. F. Call, representing the Citrus Protective League.

Norton submitted the stipulation to the opposing attorneys Monday. The stipulation provided that the evidence taken before the Interstate Commerce Commission attacking the freight rate on oranges, standard refrigeration, shipments pre-cooled and pre-iced by shippers, and the freight rate on lemons, which had been advanced from \$1 to \$1.15.

The only issue before the court, Norton argued, is the freight rate on lemons, and he wanted to have eliminated from the record testimony all except evidence relating to the lemon rates. He said that there is no evidence in the hearing before the Interstate Commerce Commission that the rate of \$1.15 is too high, that the decision disregarded evidence of the railroads that any rate below \$1.15 would be non-compensatory, and finally that in fixing the rate at \$1 the commission fixed a confiscatory rate.

To support the contention he said that the petitioners are prepared to introduce the certified record of the commission.

McCormick, Farrell and Call objected to any diminution of the record for fear that something might be omitted that had influenced the commission in its decision. The result of the controversy was defeat for the railroads and the entire record of the hearing before the Interstate Commerce Commission will be admitted at this hearing, it being stipulated as though it had been put in by the witnesses.

The case will be resumed at 3:30 o'clock this morning, and will probably be continued until Monday or Tuesday. About a dozen witnesses will be heard during the hearing. The hearing is on the application of the railroads for a permanent injunction to keep the government from enforcing the blanket rate of \$1 a hundred pounds on lemons from California to all transcontinental territory. The railroads were denied a temporary injunction in January and the \$1 rate was put into effect on February 15.

The railroads are advancing two principal grounds in the attack on the reduced rate. As resolution stated, it is that the commission had no evidence that the old rate of \$1.15 was unreasonable, and that therefore it had no authority to establish a new rate; and the other is that the \$1 rate is non-compensatory and confiscatory. C. W. Durburgh represents the Southern Pacific and A. S. Husted the Salt Lake route.

Solicitor Is Advanced.

Announcement has been made of new responsibilities and advancement for E. W. Camp, the well known solicitor for the coast lines of the Santa Fe at Los Angeles.

Under an order issued by Gardner Lathrop, general solicitor of the system, Camp is appointed attorney for the coast lines with jurisdiction extended to the Santa Fe, Prescott and Phoenix lines.

U. T. Clotfelter, who has been assistant solicitor for the coast lines, is appointed solicitor for California and Nevada. L. H. Chalmers and Edward Kent, partners, are made solicitors for Arizona with headquarters at Phoenix.

GOOD RAIN.

Fresno got one half an inch of rain this morning, in a purely local and unexpected storm. Rain fell over an area of about forty miles broad with Fresno as the center. At Firebaugh on the west side, no rain fell, and a small shower occurred at Friant and there was a very light rain at Merced. The rain this morning brought the total for the month up to 2.61, while the season's total is but 5.66 inches. More than half of this season's has fallen during the first three weeks of March. The normal for this date is 7.50 inches, against 11.57 for last year.

STARRING WIFE.

Forced to pawn her wedding ring in order to buy food, Mrs. Bertha French today appealed to the county humane society for help, with the result she appeared before Police Judge Kent, partners, are made solicitors for Arizona with headquarters at Phoenix.

He Believed Her.

UNITARIANS IN A BAD WAY.

Spiritual Lethargy Deplored at Fresno Conference.

Members Lured Away to Other Church Bodies.

Merging Electrical Plants Into a Big System.

FRESNO, March 21.—Strong dissatisfaction with the alleged inaction of the American Unitarian Association with respect to remedying the system of spiritual education in the Sunday schools, was voiced in a resolution passed unanimously this afternoon at the closing business session of the Pacific Coast Conference of Unitarian Churches.

It was claimed by the speakers that the growth and efficiency of the denomination was being endangered by this neglect.

On account of the unattractiveness of the Unitarian Sunday schools, it was alleged, the children of Unitarian families are being lured away to other denominations. Four of the twelve members of the board of directors of the coast conference are returning from coast this year, the following were elected to succeed them: Rev. Bradford Leavitt, San Francisco; W. P. Olds, Portland; W. H. Payson, Berkeley; and Rev. Florence Buck, Berkeley.

Resolutions were passed deploring the small attendance on the conference and calling for better financial support of the coast organization.

POWER DEVELOPMENT.

Through the purchase of five electric plants in the Salinas Valley this week, the Balch and Huntington Power interests have taken the preliminary step toward the connection of the coast section with Fresno county and the San Joaquin Valley by means of power lines. The plants purchased are those at San Miguel, Paso Robles, San Luis Obispo, Arroyo Grande and Santa Maria. The price paid was a million dollars. The deal was closed within the past two days.

It is announced that work is to be begun at once on a power line from Coalinga in the county to the Stone Canyon in the coast range mountains to the coast, to convey electricity to the five plants. The power interests announce that they are preparing to reconstruct the five plants mentioned, which means an expenditure of between \$2,000,000 and \$4,000,000.

MANCHUS ARE THE GOTHS.

They Are Illiterate and Have Held Down the Educational Progress of the Chinese People.

(The Independent.) "Reform" is in the air in China, but there are two brands of reform—that of the Manchus and that of the leaders of the people, writes Prof. E. A. Ross.

By "reform" the government means the suppression of weakening vices like opium smoking and gambling, the building of railroads, the strengthening of the army and navy and the opening of new sources of government revenue.

But among the patriots "reform" means universal education, industrial training, an improved agriculture, sanitation, a free press, a humane penal system, the expenditure of taxes for the benefit of the people, accounting for public money and the responsibility of government to the chosen representatives of the people.

What Peking wants is policies that will help them to hold the powers at bay, swell their revenues and leave them in serene enjoyment of the millions of the industrious collectors. In their naive Asiatic view, the government exists in order to magnify the luxury and glory of the imperial clan. Among the Manchus masters there is no tradition of service, nor can they acquire it in our time. Millions burn with patriotic ardor and thousands, acquainted with western knowledge, realize clearly just what might be done for the people. But the Manchus are careful to exclude them from high places and, after the manner of hereditary parasites, they go on in their old, self-indulgent way.

The head of a provincial college, a ripe scholar, a Han-lin man, in fact, told me he could hardly endure his position. "How can I keep my self-respect," he broke out, "when constantly the Board of Education at Peking forces me to do foolish things? Here is an applicant 30 years old, who passes a brilliant entrance examination; but Peking won't let me admit him to my college because, forsooth, he is not a graduate of a middle school."

The Manchus are not a cultured people, mark you, and when they climbed into the saddle of the empire about the time of Cromwell, they were on a level with the Aghas of today. They are to the Chinese what the Goths were to the Romans, and a Manchus directing the new education of China is as out of place as a Goth presiding over the schools of Athens in the fourth century. It is the brilliant Chinese, not the Manchus, who travel and study abroad. Yet when they return they are balked by the huge pervasive Manchus machine.

Sometimes high Manchus officials are totally illiterate, and I heard of one Manchus "literary chancellor" who could not even read the examination essays submitted for provincial honors. So he piled them on top of his bed canopy, poked them with his cane as he lay smoking, and the thirteen that slid off first were declared winners.

In the Board of War at Peking are 600 employees, but fifty do all the work. The rest are Manchus who sit in a chair, sucking the pipe and watch the clock.

One of the directors of the Shanghai-Hankow Railway—a purely Chinese line—told me their chief trouble in building the road was the harassing "inspections" which obliged them to bribe the officials in order to go on with the work. Moreover, Peking forced upon the company a large, unneeded foreign staff which would have been expended by government men without the stockholders knowing how much stuck to the fingers of the officials. So, instead of using the money for building the road the company loaned it out in small amounts at a high interest, and will repay it as soon as the terms of the loan permit.

MANCHUS ARE THE GOTHS.

They Are Illiterate and Have Held Down the Educational Progress of the Chinese People.

(The Independent.) "Reform" is in the air in China, but there are two brands of reform—that of the Manchus and that of the leaders of the people, writes Prof. E. A. Ross.

By "reform" the government means the suppression of weakening vices like opium smoking and gambling, the building of railroads, the strengthening of the army and navy and the opening of new sources of government revenue.

But among the patriots "reform" means universal education, industrial training, an improved agriculture, sanitation, a free press, a humane penal system, the expenditure of taxes for the benefit of the people, accounting for public money and the responsibility of government to the chosen representatives of the people.

What Peking wants is policies that will help them to hold the powers at bay, swell their revenues and leave them in serene enjoyment of the millions of the industrious collectors. In their naive Asiatic view, the government exists in order to magnify the luxury and glory of the imperial clan. Among the Manchus masters there is no tradition of service, nor can they acquire it in our time. SOUTHERN STARS SAIL ON ATHLETIC CONQUEST.
Muscular Elite of Trojan and Tiger Cinder-path and Diamond Warriors En Route to Meet Big Colleges of North—Hopes High of Bringing Back a Big String of Sculps.
WITH a small army of Trojan athletes barking the "Rackety Hackety" from the aftersail of the main deck, the stirring vibrations of the Oxy war cry, emitting from port hole, funnel and hatchway, and the shanghaied "Bud" Rose waving an unexpected farewell to his friends from under the Stars and Stripes, which floated from the stern staff, the steamer Yale slipped from her moorings at San Pedro yesterday afternoon and glided down the bay on her journey to the North, with the pick of Southern California's athletes on board, bound for conquests on the northern university fields.
At 1 o'clock the platform of the Salt Lake Depot began to take on the appearance of a county seat on circus day. They were all there, the Occidental baseballers, U.S.C. track men in force, the Trojan ball tossers, and the men and women racket wielders of the local university.
There was not a great deal of "mixing" between the two tribes of invading southerners, but there was an abundance of good spirit nevertheless, and when the two colleges got into the contests on foreign soil there will not be a scarcity of rooting from friendly allies.
Coach Pipal of Occidental, with his assistant, W. C. Clark, were among the first to put in an appearance. Both tutors were anticipating a pleasant as well as successful trip.
MANAGERS BUSY.
Manager Fred Johnson of Occidental was the busiest man in the city for about twenty minutes, and when he finally completed his ticket buying he found that his men had names, and the train was delayed ten minutes while the signatures were being attached to the long slips.
Mott Blair, student manager of athletic affairs out at U.S.C., was another busy fellow. Mott was running down the strays of athletes and giving them the numbers of the stationers which they were to occupy while on the good ship Yale; trying to make the nature fakers think that there was never such a thing as sea sickness, and making work for himself generally.
Coach Dean Cromwell drove up in a big car, and, after dismissing the man at the wheel, came to earth, and at once entered upon the task of keeping his men in condition.
Lennie Burrell, who is the master-at-arms with the golden-rod baseball outfit, was attracting the attention of the multitude by parading up and down the station platform and con-

WHAT KILLILAY THINKS OF BEING RUBBED.
"It makes me laugh to see all these young ball players up on the board in the clubhouse getting themselves rubbed," said Jack Killilay the other day in the clubhouse. "You always see the bushers doing that and few of the regulars do. I played ball for years and I never had a sore arm, if I had a little light practice in the winter time."
"The way to get any soreness out is to work it out and not rub it. The rubbing is all right but it is not necessary. I should know, for I never had any soreness."
TWO DEADLY RIVALS.
There will undoubtedly be great rivalry this year between Pete Daley and Johnny Kane, as to which will be the better batsman. Both have started out this year like whirlwinds and the way they are hitting the ball is a revelation to the fans. There have been very few games so far this year in which Kane has not made two or three hits and if he keeps this up he will hit about .300.
HOWARD AMBITIOUS.
Now that Howard has been decided upon by Berry as a shortstop he tends to practice for that place and get himself accustomed to hard grounders. He is a snappy player and a dangerous batsman, but his weakness has always been the grounders.
RUD KIDNAPED.

McCAREY OFFERS WOLGAST A PALTRY \$12,500—WOW!
"SEATTLE (Wash.) March 18, 1912.
"T. J. McCarey, Los Angeles.
"Wolgast and whole family had big laugh at your joke. We are ready to talk business and will work July 4, but terms must be reasonable. You have first chance land us, already have numerous propositions. Our previous terms stand. If not satisfactory will negotiate elsewhere."
"TOM JONES."
UNCLE TOM "COMES BACK."
"Tom Jones, Seattle, Wash.
"The wording of your telegram is an insult to a man of my standing. If you consider a \$12,500 offer as a joke, then you are not the man to be managing a world's champion.
"In the many years that I have been promoting boxing yours is the first telegram of its kind that I ever received. Rivers is a little 125-pound boy who never boxed outside of California and never went into the ring with a lightweight. In offering Wolgast \$12,500 to meet Joe, I considered that I was making you a most respectable offer. Certain it is that I did not merit a sarcastic reply, but instead was entitled to your respect. Keep on "laughing" at \$12,500 offers and you'll be managing Billy Papko again.
"My standing in the boxing world is too solid for me to waste my time by exchanging further telegrams with you. Consider all negotiations off. Wolgast will not be asked to box here again so long as he is managed, or rather mismanaged by you. Have another "laugh" with me."
"T. J. McCAREY."

M'Carey, in a Rage, Calls Off Ad-Joe Match.
THE proposed boxing match between Ad Wolgast and Joe Rivers for July 4 has been called off as far as Vernon and Tom McCarey are concerned. Also McCarey has started a nice little "in bad" club of his own and has nominated and elected Tom Jones, manager of Wolgast, as the first and most prominent member.
The "severance of diplomatic relations" is due to a furious exchange of telegrams between McCarey and Wolgast's manager over the terms under which Rivers and the champion were to fight.
McCarey says that Jones wanted outrageous and unreasonable sums of money. Jones says McCarey is a joke.
Last night, little Ad took a hand in the fracas himself and sent the following telegram to the sporting editor of The Times:
"Sporting Editor, the Los Angeles Times: To be sure you have the right dope on the Rivers-Wolgast match: I have wired McCarey reasonable terms and only loophole is that he values Rivers as a drawing card and don't care to sacrifice him for small money. Just wants more than the champ. Rivers will get no more consideration than any other contender. McCarey has my terms, which he once agreed upon. AD WOLGAST."
BIG PURSE DEMANDED.
The real trouble behind the fierce, little war was the moving-picture privileges.
For some days McCarey and Jones and Joe Levy, Rivers' manager, have been indulging in a three-cornered struggle over the purse for the July 4 fight.
Wolgast demanded \$15,000, win, lose or draw. Rivers named a figure which, added to the usual expense of promoting a big fight, would have taken another \$10,000 out of McCarey's pocket.
If he had accepted the terms of both fighters, McCarey would have had to take in \$25,000 at the box office before he broke even on his expenses. The only way Uncle Tom could think of to break even was to take unto himself the exclusive picture privileges.
He made this happy little suggestion to Wolgast, together with a request that Ad lower his demands to \$12,500, win, lose or draw.
The result was the telegraphic roar from Jones printed above.
McCarey says he will ignore Wolgast and match Rivers against Matt Wells or Joe Mandot.
Wolgast says the Rivers match is a matter of indifference to him. He says he has plenty of other offers to fight, and he will take the one that offers the best terms with the least fighting.
"I don't so much object to the cash consideration that he asks for," said McCarey. "It is the tone of his message. I made a bona fide offer to Wolgast, the largest he ever received, and this fellow Jones sends me this rough message."
WHAT M'Carey SAYS.
"I will never give Wolgast another fight as long as Jones is his manager.
"I think that Rivers is the greatest little fighter in the world today at his weight," said McCarey. "and I do not hold him cheaply. He is a second Sam Langford and is coming very fast. The people in Los Angeles like Rivers and there is no use or sense in Jones or Wolgast asking for everything in sight when they meet Rivers, as the people will go to see Rivers fight fully as much as to see Wolgast, and he should get a fair deal.
"Abe Attell is crazy to meet Rivers. Owen Moran will jump at a date to meet him, and Harlem Tommy Murphy will come here and meet Rivers whenever I say the word.
"Now, what do you think of that fellow Jones? Isn't he the limit? I wonder what the dickens is the matter with him?"

AD WOLGAST, IN LETTER TO "TIMES," OUTLINES FUTURE PLANS.
March 18.
Sporting Editor, Los Angeles Times.
Dear Friend: These few lines to tell you we are all O. K. and doing a great business. Open here today and finish next week at Portland. I will then go back to Frisco, where I have agreed to box some boy on the 19th of April.
I have been boxing so good and showing so much improvement that I feel it a waste of time working on the stage, and I know for one that the theatrical work does a fighter no good. I have made McCarey a good reasonable price for a Rivers-Wolgast bout July 4. Don't know whether he will figure on it or not, but I have the call from every club in the country. They were offering me good money to box McFarland down in Mexico when the Flynn-Johnson fight was talked off, but if Packy can't do better than 185 pounds at 5, he will have to wait till later, for when I take a chance giving away weight I want to be at my best.
Coffroth also made me a good offer. When I get them all together I'll figure out the best one and sign, no matter if it is six or ten or twenty rounds. The best money for the least fighting will get me.
I am tiring of the stage, as I never did like it very well, and my Hobo Jew went all in at Frisco, so I had to get a new sparring partner. Hobo was so sporty that he couldn't protect that big fat lard can of his or that big nose either, so he was compelled to lay off. It's tough when these kids start staying out nights.
Oh, say, the joke of them all! Just received a wire a few minutes ago from McCarey. Ask him if he had a shot of hop just before sending that joke wire. Well, it is quite rainy up here and a little cold. Will be glad to get back to California. Los Angeles is the real California.
*Remember me to Oliver and all inguiring friends.
I am sincerely Ad Wolgast

BAUM AGAINST ALL ROWDYISM.

Says that All the Roughness Must Be Cut Out.

New Class C League May Yet Be Organized.

Umpires Finney and Mertes to Open Season Here.

BY GREY OLIVER.

No rowdy ball playing. More protection to umpires. No betting on ball games.

These were the declarations yesterday of President Al Baum of the Coast League, who is in this city on a visit to managers, ball players, training camps and newspaper men, and as Al has the nerve to back up his own statements the chances are that the fans will have a different brand of ball than they have ever had in the Coast League.

"I'm just down here looking around," smiled the genial president, yesterday. "You see, I want to visit all the training camps of the teams and get back to San Francisco by next Monday morning.

Which, while nobody can deny he will not be able to do for he will have to visit Paso Robles, Santa Maria, Lompoc, and Santa Barbara. At these towns are miles and miles apart he could not make them in three days with an aeroplane.

"You see," he continued, "I want to meet all the players personally and talk over the rules with them and I did this today with the Vernon and Los Angeles teams in their clubhouses. I don't want to tell those boys how to play ball, for the big majority of them know more about that than I do.

MORE FINES COMING. "One thing I wanted to impress upon them was that there will be some new rules put into force this year. When a player is fined it will stick and when he is ordered off the field he will be automatically fined \$5 whether the umpire fines him or not. Baseball fans like to see ginger all right, and some fighting spirit, but no one wants that fighting spirit carried so far. There must be more order on the field, and the players can help me in this if they will. I wanted to meet the boys and let them know that I am for them, if they play the game right.

"I do not believe in any umpire persecuting a ball player for anything for the very reason that he is always has the best of it to start with and I will say that if I ever find any indication of any such action I will get a new umpire, for there are many in the country after jobs. The little conference I had with the players today was a short one, but private and for the players alone, no reporters being present.

NEW LEAGUE TALK. "Berry, Hogan and myself had a conference this morning in regard to that proposed Class C league in the central part of the State, but nothing has come of it yet. I do not know whether anything will. We have secured leases in Fresno, Hanford, Stockton, I believe, or probably will, but if we cannot get leases on all the grounds we need, the scheme will not be tried.

GOLF ON TWO CLUB GREENS.

Men's Invitation Tournament at Annandale.

The semi-finals in the men's tournament were played off yesterday at Annandale, where there were four to play in having very little rain.

In the match between McLaughlin and Robert Hunter the former won by 2 up and 1, and E. R. Williams distinguished himself by defeating the formidable F. H. Upton of New Jersey by 3 up and 2. Williams and McLaughlin will now meet in the finals today, when Mr. Williams will be called upon to make a supreme effort. McLaughlin is playing wonderfully steady golf of a high order these days, and is recognized as one of the hardest men to beat.

Second Flight. In the second flight matches, N. W. Williams defeated H. K. Chaffee by 3 up and 1, and A. A. French defeated Mr. Graves, by 2 up, leaving Williams and French to meet in the finals today.

Third Flight. In the third flight Conde Jones of San Gabriel again distinguished himself, defeating A. S. French by 1 up. F. Wilson defeated G. S. Byington by 3 up and 1, so that he will meet Conde Jones in the finals today.

Fourth Flight. In the fourth flight Winger defeated C. K. Alley by 1 up at the twenty-first hole. Potter of Santa Barbara defeated Cosby by 4 up and 2, so that he meets Winger in the finals today.

Owing to the few light showers early in the day a few careful souls were to be seen with umbrellas and rubbers in their caddie bags, but for the most part ardent golfers braved the elements with indifference. There is something unnatural about umbrellas in California, especially in caddie bags, and the sort of golfer that can play without an umbrella requires a very special kind of disposition.

Women's Golf at Country Club. The heavy rain at Beverly was responsible for the postponement of the finals in the women's championship meeting yesterday morning, and the match will be fixed about a week hence.

Mrs. L. M. Kennett and Mrs. Henry Van Dyke, the finalists, were on hand but play seemed quite at the question, and Mrs. Kennett decided to return home at once. Mrs. Van Dyke remaining to take part in the association tournament in the afternoon. And the weather proved propitious. By 3 p.m. the sun was shining as innocently as the clouds of the morning. The sun was shining as innocently as the clouds of the morning.

Mrs. Frank Griffith was again a winner, with a net score of 5 down on a 5 handicap. Mrs. Bishop tying for first place on a 7 handicap.

VERNON MEET ENDS IN TIE.

Lad of Thirteen Hero of Thrilling Contest.

Two Catalina Trips Have to Be Awarded.

Little Chap With No Chance Wouldn't Lay Down.

BY ARTHUR LEE.

After one of the games and pluckiest exhibitions of foot racing ever witnessed in a grammar school track meet, George Cooper beat the last race in the home meet of the Vernon Avenue school to Robert Temple, by six inches. By losing this event, Cooper failed to make his victory of the meet a trip to the Times Camp a decided one, as he would have done had he won the event, but by losing it the meet resulted in a tie score.

Paul Sutke had just a moment before won the 352-yard dash and ran his score up to 31 points. This made the whole meet hinge upon the result of the 352-yard dash, which, if won by George Cooper, would give him the prize by two points, whereas if he got second, it would be a tie, if he lost he would lose to the senior, Paul Sutke.

At this point a clean-cut little Spanish boy, 12 years old, named Robert Temple, set an example of sportsmanship and loyalty as has ever been my pleasure to witness.

Robert had absolutely no chance to win the coveted Times Camp trip, but he had been told the way the score stood; he remembered that Cooper had beaten him in the 50 and 100-yard dashes but that he had won the 220, and therefore felt that he was Cooper's master in the 352-yard race. He was firm in his decision to race it out.

One hundred pleading voices of Cooper's young friends were begging Temple to withdraw from the race or "lay down" and let Cooper win, so that he would get the trip to Catalina away from the big senior. But no matter what the pleas, Robert was firm in his decision to race it out.

Both were awarded "eight-day" trips to the Times Catalina Camp, and the tremendous applause of 500 fellow school children.

Paul Sutke (senior) lives at No. 1528 East Twenty-eighth street. George Cooper (junior) lives at No. 1410 East Twenty-eighth. Each scored thirty-one points; each won five first and two second.

Louie Wade proved to be the star in the only weight event, by putting the eight-pound shot thirty-three feet, ten inches. Wade, a very nearly perfect grammar school record holder, will be heard from in the big June 1 meet. Robert Temple's time of 30.8 in the 220 and his record of 50.2-yard dash are the best that have been made in the open streets.

THIRD TIME CAMP.

The 100-yard dash—Sutke first, Waite second, Thorpe third; time, 12 2-8.

The 220-yard dash—Sutke first, Waite second, Thorpe third; time, 28 4-5.

The 352-yard dash—Sutke first, Waite second, Thorpe third; time, 56 1-5.

High jump—Waite first, Sutke second, Thorpe third; height, 4 ft. 2 in.

Broad jump—Sutke first, Waite second, Thorpe third; distance, 14 ft. 3 in.

Shot put—Waite first, Sutke second, Hill third; distance, 25 ft. 10 in.

Junior Division—The 50-yard dash—George Cooper first, Robert Temple second, Carlos Thomas third; time, 6 3-4.

The 100-yard dash—Cooper first, Temple second, Thomas third; time, 12 4-5.

The 220-yard dash—Temple first, Cooper second, Rivers third; time, 30 s.

The 352-yard dash—Temple first, Cooper second, Rivers third; time, 48 2-5.

High jump—Cooper first, Owens, Temple and Thomas tied for third; height, 3 ft. 7 in.

Broad jump—Cooper first, Temple second, Thomas third; distance, 12 ft. 8 in.

Shot put—Cooper first, Rivers second, Owens third; distance, 23 ft. 2 in.

OFFICIALS. Judges—Joyce, Hopkins, Lee; timers, Lee, Hopkins; starter, Gallup; clerk of course, Gillett; referee, Ritter.

CRICKETERS TO MEET. Schedule Being Formed Which Promises to Boost Sport Here.

A meeting of the Los Angeles Cricket Club will be held at 524 1/2 South Spring street on Wednesday evening at 8 o'clock. At this meeting final arrangements will be made to open the cricket season and give the members and prospective members an opportunity of looking over the proposed club premises.

The schedule of cricket fixtures is being drawn up by Secretary Higgins, giving dates and location for the triangular test matches, between Los Angeles, Santa Monica and San Diego, for the championship of Southern California. Letters have been mailed to J. A. Rodda, secretary of the Border team, to C. C. Le Bas of the Santa Monica club and to W. G. Cochrane of Fresno, relative to a tour.

The Playground Commission has assured P. J. Higgins that a full-size cricket pitch is to be laid down at Exposition Park. This will add to the popularity of the game, as the new pitch will be similar to that in Golden Gate Park, San Francisco.

E. T. Walsh, Jr., late captain of the St. Ignatius College cricket eleven of Sydney, Australia, has arrived in this city and will play for Los Angeles. Walsh is a right-arm bowler and has played on matting pitches in various parts of the world. For his college he has won the Sydney grammar school, Walsh hit up the huge score of 360 runs not out.

W. W. Richardson of Redlands is getting up a team of cricketers to invade Los Angeles this summer. Richardson has played in South Africa, and from all accounts is a very punishing bat.

THE Blue and Gold sports enthusiasts are looking forward with anticipation to the southern invasion on Saturday, when the University of Southern California track and football teams will meet the California Golden State University.

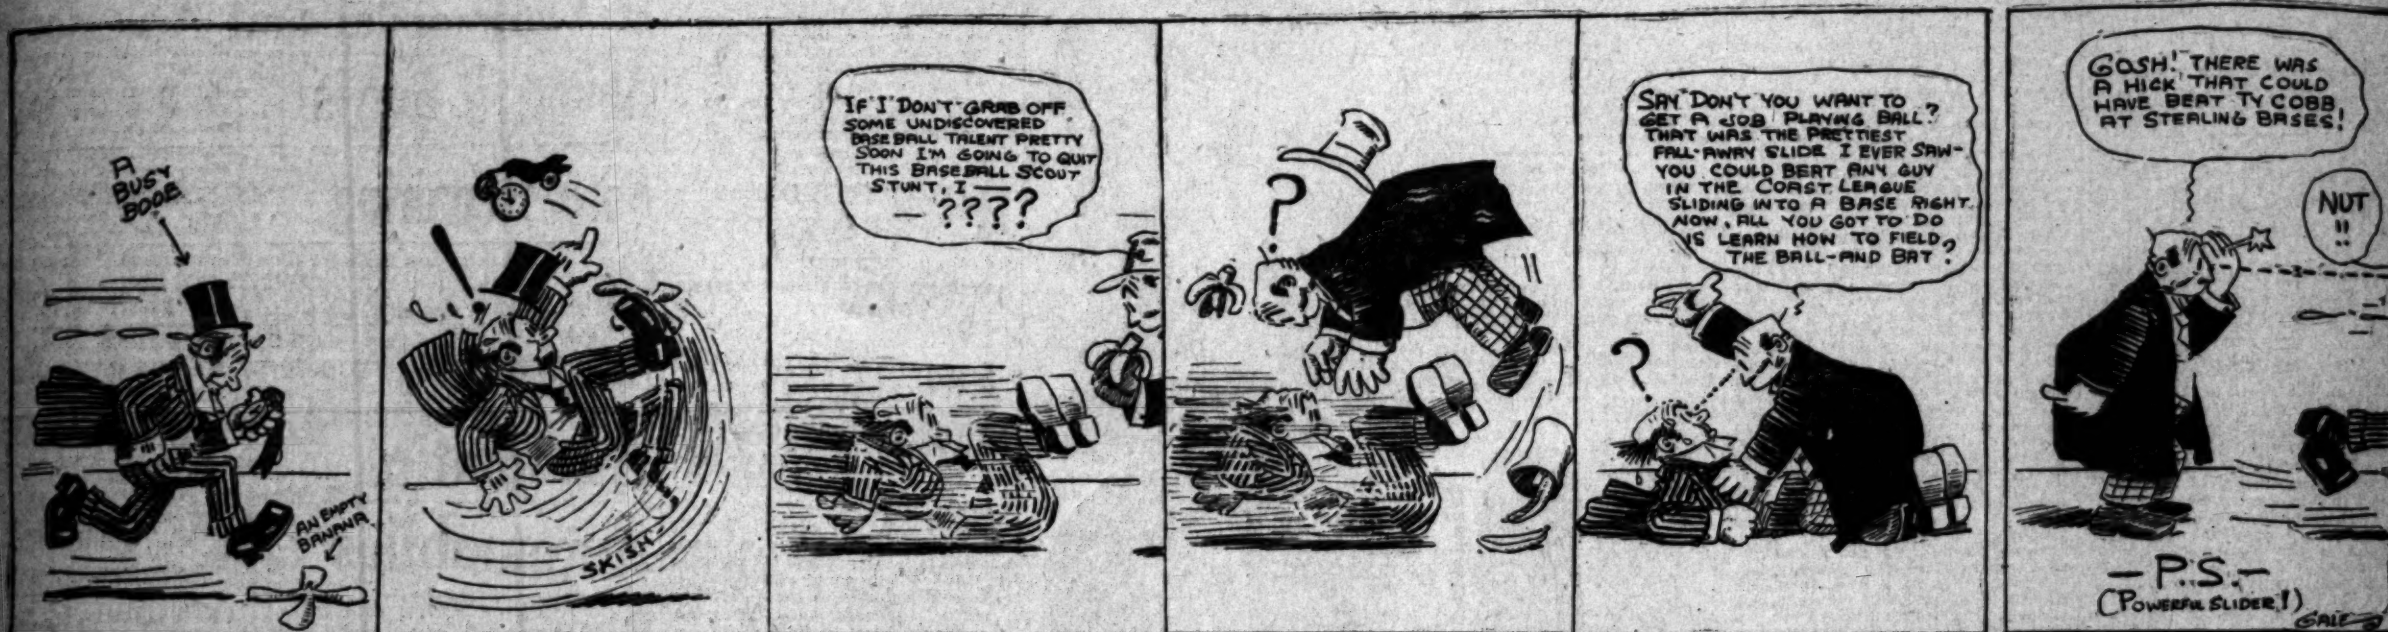

HOW IT LOOKS. In the quarter-mile dash Jimmy Hodge should match up well with the champion of U.S.C. The quarter-mile race is in 10 ft. Hodge gave the University of California a good showing in the half mile, and there is a good chance for the freshman to figure in this event.

man was at work on the dock and when "Bud" came to his senses, he was twelve feet from the edge.

The judge's son made a run for the gang plank, but before his huge hands could get on the lower deck, the heavy metal was well down the mainmast and there was nothing left for him to do but to make himself comfortable and take the trip with the southern athletes.

As far as the powerful glasses could see the ship, Ross was standing on his last in one hand and the other against his forehead. He was an overcast, no change of any kind, a string of social engagements as long as a kite string.

SIZE UP FOREIGN FOE.

Blue and Gold sports enthusiasts are looking forward with excitement to the southern invasion of California track and basketball teams which will meet the California team in what will be the crown jewel of the season for the 1912-13 season at the State University.

As far as the powerful glasses could see the ship, Ross was standing on his last in one hand and the other against his forehead. He was an overcast, no change of any kind, a string of social engagements as long as a kite string.

HOW IT LOOKS.

In the quarter-mile dash Jimmy should match up well with the fast runner of U.S.C. The quarter-mile dash is a race in which the runner is expected to show his speed in the first half of the race.

THE VARSITY LINE-UP.

The varsity line-up will probably be as follows: Stoner, catcher; Forker, pitcher; Dodson, first base; Goodwin, second base; Rubke, short stop; Allen (captain), third base; Coons, left field; Ford, center field; Shepard, center field.

WHIFFS FROM
THE OLD
SPORT PIPE

Jack Dillon of Indianapolis and Frank Kline of Pittsburgh, yesterday finished their training for their match Saturday afternoon in San Francisco. Both men are reported to be in perfect condition.

Matt Wells, the English lightweight champion, who recently arrived in New York, has started out hot on the trail of Ad Wolgast, and says that he will not rest until he gets the Cadillac Dutchman in the ring.

The eighth annual intercollegiate wrestling championships will be held at the University of Columbia gymnasium, in New York today. Four universities, Cornell, Pennsylvania, Columbia and Princeton, will be represented.

Henry Spencer, the once famous jockey, known on the turf as "Ice-man," died yesterday at Oakland after a lingering illness, with tuberculosis.

The opening baseball game of the series between the St. Louis Americans and the Nationals, which was to have been played Saturday, has been postponed until March 30, on account of cold and frozen grounds.

The demand for tickets for the Olympic games in Stockholm, Sweden, has been so great that the entire seating capacity of 28,000 has been disposed of, and the committee has decided to erect another grand stand with a seating capacity of 10,000.

Plans are being formulated to have Frank Gotch and Stanislaus Zhyzasko meet in a wrestling match in Portland in July, when the national convention of the Elks will be in session. Gotch has signified his willingness to meet the Polish giant, and the latter has already posted a forfeit of \$1000 to bind the match.

The Board of Public Works in Seattle yesterday granted a permit to the Seattle baseball park to occupy the portion of Thirteenth avenue until October 1, which makes it possible for the regular baseball park to be used this summer.

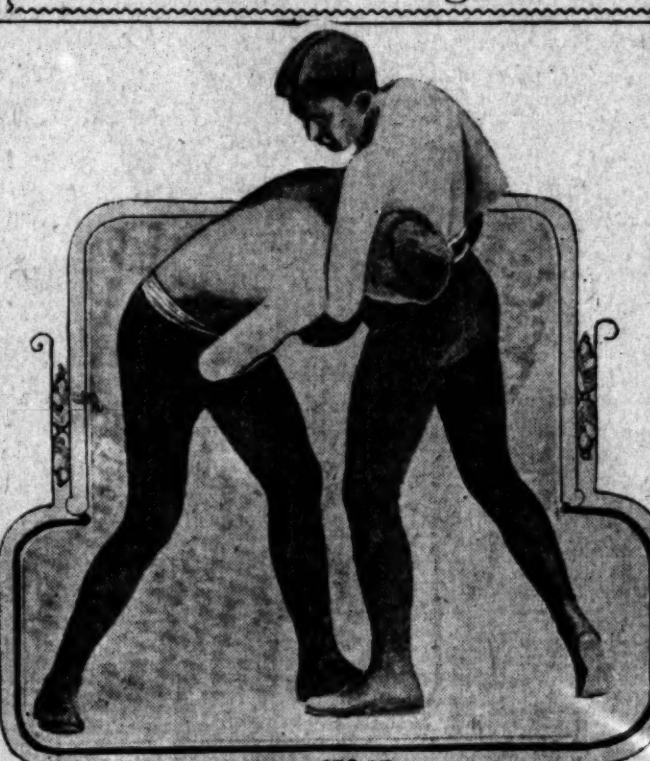

The Allen bill abolishing the New York State Athletic Commission was referred yesterday to the State Senate by the Codes Committee, after a wordy war had stopped its reference to the Judiciary Committee. This action is taken to indicate that the attempt to abolish the Frawley law will not succeed at this session.

Commodore William Hale Thompson of the Chicago Yacht Club yesterday donated a trophy to be added to the list of prizes for the Western Powerboat Association's speed championships in the August races. The trophy is to go to the first boat showing a speed of fifty miles per hour in the contests.

President Charles Comiskey of the White Sox returned to Chicago yesterday after spending three weeks watching ball players in their spring practice, in Texas. He stated that all of the men are rounding into excellent shape.

The inability of the European contestants in the Gordon Bennett aviation races in Chicago, to make the trip to America in time for the August meet, has caused the committee in charge to determine to postpone the meet until as late a date in the fall as is practicable.

Van Court's Boxing Lesson.

No. 63—Clinch No. 1.

When your opponent ducks and hits after you have missed, as shown in cut No. 62, quick hold him by the neck, as shown in the cut, thus preventing him from doing more work.

DE WITT VAN COURT'S
COLUMN.

Jack Herick started his training yesterday morning by breaking his orders from Harry Gilmore. Jack was instructed by Harry to go out on the road for forty minutes. He felt so good that he ran along the beach to Santa Monica, then up the canyon and was gone one hour and fifteen minutes. When he was called down by Harry, he said "I did not get started and want to do more work."

Herick is as young as full of ginger as any young fellow that I have ever seen in the fighting game. He never knows when he has enough work. Yesterday afternoon he boxed three fast rounds with Bill Hoyt, a big husky middleweight. Gilmore is having trouble in getting sparring partners for Jack, and Fred Gilmore will assist in this part of the work from this time on.

Herick is a good two-handed fighter, and has a good punch, but the greatest trouble with him is that he is so good natured that he does not like to hit his sparring partners hard. No matter how hard he is hit, he will smile, and takes the whole thing as a joke. At that Jack has some of the best material for a fighter that I have ever seen in a young fellow. Yesterday was his first day's work-out, and he did not do himself justice, but later he will see some of the real stuff that is in him.

Joe Rivers took a run down to Venice to get together a few friends that he invited out to his house, for the celebration of his victory; also to celebrate his twentieth birthday.

Paul Velle, an old schoolmate of Rivers, Bill Aldridge, Babe Davis, Shurge Shaferty of Fresno and Earl Taylor will be there. They are to have an old time family dinner with some vaudeville stuff mixed in. It is to be a family affair and no doubt they will all have a good old-fashioned time.

The only regrets that the boys have is that Joe Levy, Rivers's manager will not be there. Levy's sister was taken seriously ill last night and it will be impossible for him to attend. But the two Rooney's, Willie and his brother, Westmoreland's head will fall in a couple more days and only Bill Yohe and "Dutch" Altman remain to fight for positions in the infield. One man, this pair may be retained for a while anyhow and it's a toss-up which one will walk the plank. Davis felled fairly well but he could not compete with finished players. He showed such promise, however, that Long has some string attached to him.
